

January 8, 2004

Aloha Fellow Adventurer,

Building a new home, especially in Wailea, is nothing short of an adventure. There are numerous requirements and hoops to jump through, but in the end you get Wailea and, as a property owner, it is worth the hassle. Finding a general contractor with experience working with Wailea is of paramount importance.

It has been my pleasure to work with Buddy Lauer and his son Michael on my homebuilding project in Wailea Pualani. Construction began in July of 2003 and is scheduled for completion by March of 2004. Throughout the process, Buddy and Michael have managed to keep the project on schedule and have adhered very closely to our established budget. They have been flexible, responsive, accessible, professional, and a delight to interact with in every way.

Owning another home in Wailea has allowed me to visit the construction site at the new home nearly every day, and almost without fail I find that there is activity going on at my site. From what I understand this is very unusual for Maui. Many people have informed me that I am fortunate to have found a general contractor that I am happy with. I could not agree more!

I am confident that you will find similar satisfaction if you are fortunate enough to secure the services of Buddy L & Sons Construction.

Best wishes,

Michael Reiley  
Director, Hawaii Operations  
Textron Systems Corporation
