To : Whom it may Concern

Ref: Buddy L & Sons Construction / Buddy Lauer

I have been working with Buddy L & Sons Construction since 1999 involving construction of residential & commercial properties on the island of Maui. These projects have included high - end beachfront luxury residential homes and commercial projects involving tenant improvements.

Buddy L & Sons Construction has displayed the utmost professionalism during stages of planning and right thru the construction process until completion.

I have had the pleasure of serving on several Design Review Boards as well as Residential boards with Buddy Lauer and Buddy has always displayed his knowledge & expertise as well as professionalism .

I highly recommend Buddy Lauer and Buddy L & Sons Construction

Sincerely,

Colin Moreton
