Kihei, HI 96753

To Whom It May Concern:

Please consider the following as a letter of recommendation for Buddy L & Sons Construction, Inc.

I purchased land in 2004 and started construction using Buddy L & Sons Construction, Inc. in 2012.

I highly recommend this company. They delivered the house in December 2012, on time and in great condition. They completed all the required construction with very high standards and according to all compliance codes.

They were willing and eager to come and address any changes promptly, even after the house was delivered.

Again, I highly recommend them. If I have future projects, I wouldn't hesitate to use them again.

Respectfully,

Ahmed Elfiky, MD
