Letter of recommendation:

To whom it may concern;

We have been working with Mike Lauer and Buddy L & Sons on our new home in Kihei for the past 10 months and have been very impressed with the level of expertise of their subcontractors, and their attention to detail.

My wife and I have been in the Construction industry for over 30 years and knowing that the Maui construction scene can be tricky at best, and that coming into a new state with no relationships with local tradesmen could prove disastrous. We contracted the job supervision to Buddy L, and they set us up with great subcontractors, oversaw the work from Grading through Drywall and kept a great flow of communication going until they were complete.

We would recommend them to anybody considering building here, their knowledge and experience is second to none.
